COXEY IS PLEADING FOR RIGHT TO TALK.

HE ASKS CONGRESSMEN FOR A FORMAL HEARING.

Wants the Labor Committee To Investigate the Cause That Lies Behind the Formation of the Industrial Army—Pueblo Men Who Stole a Train Are Headed East.

WASHINGTON, May 9.—Coxey visited the house of representatives this morning and announced that he wished to appear before the labor committee as supporter of the resolution to investigate the cause of the industrial army's formation. Coxey and his lieutenants Browne and Christopher Columbus Jones, have been found guilty of walking on the grass, and will have to submit to a sentence hereafter to be imposed by the court for their recent demonstration on the capitol grounds. All three of the accused were convicted on the first count of the indictment, which charged them with displaying a banner designed to bring into public notice the J. S. Coxey Good Roads association. Jones of Philadelphia was acquitted of the second count, which accused them of treading on the grass, but Coxey and Browne were convicted.

The jury retired at 12:55 o'clock after hearing a long charge from Judge Miller which left them little alternative but to convict if they followed his leadings. About 3:30 the jurors sent for the instructions given for the defense, but the government objected, and they filed into the court-room while the judge read the instructions. Attorney Hyman endeavored to have the fact that the objection came from the prosecution laid before the jury, but he was suppressed. Judge Miller stated that he would not have handed over the written instructions under any circumstances, as that would have been irregular.

Twenty-five minutes after this episode the jury returned with the verdict. The party received the result smilingly.

The verdict was guilty as to the first charge—carrying banners upon the capitol grounds—against the defendants, and on the second charge—walking on the grass of the capitol grounds—guilty as to Coxey and Browne, and not guilty as to Jones.

Attorney Lipscomb immediately entered a motion for a new trial and another in arrest of judgment. Judge Miller gave him four days to file the formal papers. Then the judge made inquiries about bail, and Frank Hume, a well-known wholesale grocer, signed a bond in $500 for each of the three convicted commonwealers.

Gen. Coxey left the room with his wife, pushing through a curious crowd, which made no demonstration. The conviction of himself and Jones was a surprise to the commonweal sympathizers.

Two weeks may elapse, during which the trio will be free on bail, before the motion for a new trial is argued and decided. The penalty provided by law is the same for each offense—viz., a fine not to exceed $100 and imprisonment in jail for not more than sixty days, or both, within the discretion of the court. Accordingly the maximum punishment which may be meted out to Coxey and Browne is $200 and 120 days in jail while Christopher Columbus Jones is subject to $100 and sixty days. The only method of appealing from Judge Miller's sentence will be by an application to a higher court for writs of habeas corpus and certiorari. Attorney Lipscomb has announced that he will take this step if Judge Miller overrules the motion for a new trial.

Congressman Lafe Pence of Colorado made the closing argument in behalf of the commonwealers. Several populist congressmen were within the bar and many prominent attorneys had dropped in to hear Mr. Pence. "Mr. Coxey came to ask for the enactment of laws," said Mr. Pence, "which he believes, and thousands of others believe with him, will be of inestimable advantage to the unemployed of the country." He concluded his speech with this appeal to the jury: "Whatever shall be written of the Coxey movement when it becomes, as it will become, a part of history, let it not be said that twelve citizens of Washington branded this honest, well-meaning, patriotic man as a criminal."

District Attorney Birney, who is a mild-speaking man and grandson of the old abolition candidate for the presidency, followed with a discussion of the case.

MORRISON'S ARMY AT VANDALIA.

Marched from Smithboro Yesterday—Fry's Forces at Franklin, Ind.

VANDALIA, Ill., May 9.—The Morrison industrial army, numbering 170 men, arrived in Vandalia about 6 o'clock last evening and is camped on the east bank of the Okaw river just east of town. The army came over the Vandalia road on foot, having camped Monday night at Smithboro. The army was escorted through town by Chief of Police Snyder and several patrolmen will be placed on guard at the river bridge to keep them from entering the city.

FRANKLIN, Ind., May 9.—Part of Fry's industrial army, under command of Gen. Jennings, arrived here at noon yesterday. The people were apprised of their coming and were out in force to greet them. The army was seventy-five strong, and, after parading the streets for two hours, went into camp just north of the city. The appearance of the army here occasioned considerable excitement, reminding citizens of war times.

SHELBYVILLE, Ind., May 9.—Gen. Fry with his 208 commonwealers and his big tent reached Fountaintown, in this county, yesterday morning. Gen. Fry said he would reach Shelbyville to-day and stop over night.

MUNCIE, Ind., May 9.—Gen. Aubrey's disision of the commonweal army arrived in Muncie yesterday from Yorktown. They have not had anything to eat since their arrival in Muncie. There was great discontent in the army, and the forty men are liable to break ranks if not fed to-day.

STOLEN ENGINE STILL GOING WEST

Coxeyites With Their Missouri Pacific Train Not Yet Checked

PUEBLO, Colo., May 9.—Coxeyites have seized an engine and cars and started east on the Missouri Pacific railroad. Railroad authorities have blocked the road to prevent their passage. A train will start from Pueblo at 10 o'clock with deputy marshals and thirty officers to overtake the band. The seizure prevented the movement of United States mails.

PUEBLO, Col., May 9—The industrials who stole a Missouri Pacific passenger train yesterday, have passed all obstacles and are still going east. It is thought the engine will give out for lack of water as all the tanks ahead of it have been emptied.

CINCINNATI, Ohio, May 9.—The Cleveland passenger express on the Baltimore & Ohio Southwestern railroad, leaving Cincinnati at 1 o'clock was held up near Wyoming last night by about twenty men. Attempts to dislodge them were unavailiug and they were carried along.

"GENERAL" RANDALL ARRESTED.

Refused to Obey Orders to Keep Out of LaPorte—Both Armies in Camp.

LAPORTE, Ind., May 9.—The Randall army and the rebels under Sullivan arrived at the city limits at 11 yesterday and were met by a large force of deputies under Sheriff Freshe and ordered to march around the city. This action was at the sanction of the city authorities, who, at a special meeting last night, resolved to keep the armies outside the city, promising them provisions if they did so. Sullivan acquiesced in the officers' request, and is now camped a mile south of town. The Randalites refused, and acting on their general's encouragement insisted on entering the city. There upon the entire staff, including Randall, was arrested and are now in jail awaiting trial. Mayor Scott has promised Randall and his men supplies if they will move on, and it is probable they will comply. There is great excitement among citizens and commonwealers.

Kelly Sets Sail To-Day.

DES MOINES, Iowa, May 9.—Unless something unforseen happens, this morning at 9 o'clock will see Kelly's army start on its journey down the Des Moines river in flatboats, most of which are now ready. The boats are expected to travel at the rate of fifty miles a day. This will probably take them to the mouth of the river next Monday. A majority of the men have received new shoes and are reasonably well supplied in this respect, while several hundred of them have been given new suits of clothes since arriving in the city.

Offer to Work for Passage.

SPOKANE, Wash., May 9.—Col. Dolphin's commonwealers did not leave for the east via the Great Northern as predicted. They were refused transportation. A dispatch was sent to President Hill asking transportation and agreeing to fix any defective roadbed on the way for passage. No reply has been received.

Officials Unload a Train.

SPRAGUE, Wash., May 9.—The Coxeyites boarded a stock car attached to a train here and the officials ordered the stock unloaded and declare they will not carry the industrials. The country is thronged with Coxeyites, and recruits are constantly arriving.

Won't Send Delegates.

CHARLESTON, W. Va., May 9.—The Kanawha coal exchange decided not to send any delegates to the national convention at Cleveland, saying the strike is the work of Ohio men and they must fight it out. A number of large operators will soon close down for a long time.

Strike in the West a Failure.

DENVER, Colo., May 9.—The efforts to bring about a general strike of coal miners in Colorado, Wyoming, and New Mexico have failed. In the northern Colorado district the miners have decided against striking.

Will Prosecute Herz.

PARIS, May 9.—The Matin reports that the government maintains its demand for the extradition of Dr. Cornelius Herz, the Panama lobbyist, from England, in spite of the fact that the courts have accepted the offer of the latter to reimburse to the liquidator of the Panama Canal company the sum of $300,000.

Death of Sherman's Bridge Builder.

INDIANAPOLIS, Ind., May 9.—Col. Joseph Moore is dead, aged 65 years. He planned and constructed all the pontoon bridges used by Sherman on his march to the

ALL COAL IS SEIZED ALONG THE B. & O.

ROAD TAKES STEPS TO SECURE FUEL.

Engines Must Be Kept Running and Every Carload of Coal Along the Line Has Been Held—How the Strike is Progressing in Various Districts.

BALTIMORE, May 9—The coal famine resulted in determined action by the Baltimore & Ohio today. The road seized every car-load of coal on its tracks for the use of its own locomotives.

STAUNTON, Ill., May 9.—The striking miners are gradually gathering at this place, until it is estimated that 500 are now here. The expected trouble has been postponed another day, but the strikers say mines Nos. 6 and 7 shall not work to-day. The citizens are just as sure that they will, ard are using every precaution to avert trouble. The citizens escort the miners to their work and will continue to do so until the trouble is over. The authorities at Springfield have been notified of the situation here and it is hoped the militia will be sent here to aid in keeping the peace.

LITCHFIELD, Ill., May 9.—The southbound local freight on the Jacksonville Southeastern line, which was held up at Girard by striking miners, reached here at 7:30 o'clock, several hours late. Miners who reached this city on the freight make no secret of the matter that they are going to Staunton to aid in forcing the miners out at that place.

PANA, Ill., May 9.—About 250 miners went down in the different mines yesterday. The fears of outside interference have practically subsided.

BLOOMINGTON, Ill., May 9.—There is likely to be trouble here soon unless the striking miners recede from their refusal to allow the McLean Coal company to send thirty men down into the shaft to put it in repair and do work which the company cannot do while the mine is in operation.

ANTHRACITE MEN WANT TO JOIN.

They Ask Admission to United Mine Workers—Cleveland Conference.

COLUMBUS, Ohio, May 9.—The 100,000 anthracite miners of Pennsylvania have asked admission to the United Mine Workers' Union. President McBride has concluded to comply with their request for organizers. "The United Mine Workers' Union will come out of this strike with 300,000 members," was his prediction.

MASSILLON, Ohio, May 9.—The miners of the Massillon district have been ordered to meet in convention at Canal Fulton Saturday, May 10, for the purpose of electing district delegates to the Cleveland joint convention.

CLEVELAND, Ohio, May 9.—An officer of the Massillon Coal-Operators' association, who has been traveling in Ohio and Pennsylvania fields for several days, said yesterday that the big conference which will be held in this city next week will put an end to the strike whether an agreement is reached or not. He thinks the old scale of wages will be restored.

ALABAMA OUTBREAK FEARED.

Strikers Grow Desperate and More Trouble Is Looked For.

BIRMINGHAM, Ala., May 9.—The situation in regard to the striking miners is one of the greatest apprehension. Where and when the next outbreak will occur no one pretends to say or to know, but the fear that there will be one is universal and seems well founded. At Blue Creek yesterday the Tennessee Coal, Iron and Railroad company commenced the work of eviction as a result of ejectment suits decided in the company's favor.

Hill Gives Great Northern's Side.

ST. PAUL, Minn., May 9.—The situation on the Great Northern is unquestionably serious, as the men are manifesting a disposition to consent to no discharges of those connected with the late strike. President Hill said: "The company has made one settlement with the men and it proposes to abide by the agreement. It was provided in the agreement that all of the men who had not been guilty of destruction of the company's property or of violation of the law should be retained in the employ of the company, but that others should not be entitled to reinstatement, and the company does not intend to employ those who are thus barred."

Attempt to Intimidate Miners.

BRAZIL, Ind., May 9.—Three hundred miners marched through Main street yesterday, en route to the Nellie mine, where three men were at work, with the intention of forcing them to quit. The men at work refused, and it looked for a while as if a general melee would occur, but the presence of the bluecoats prevented trouble. The miners declare they will use means to force the boys out and serious trouble is anticipated.

Will Shut Down a Mine.

PHILLIPSBURG, Pa., May 9.—Four hundred Phillipsburg and Beech Creek miners marched from Phillipsburg to Woodland, where there was a coal mine in operation. They persuaded the men to throw down their tools and come out and were assured by the operators that the mine would remain idle until the other mines had resumed. The strikers are greatly encouraged.

TEN MINERS KILLED BY THE POLICE.

MORAVIAN RIOTERS MET BY A DEADLY VOLLEY.

They Attack the Guards at the Theresa Workings and are Shot Down—Town Slipping Into the River—Central American Rebels—Other Foreign News.

VIENNA, May 9.—Strikers attacked the gendarme at the Theresa mines in Astru, Movavia, this morning. The gendarmes fired and killed ten men besides wounding twelve.

Revolt at Buenos Ayres.

LONDON, May 9.—The Argentine consul general informed the Associated Press to-day that he had learned from an outside, but trustworthy, source that a revolution had broken out at Buenos Ayres. Inquiry at the Argentine legation, the Barings Banking house and at the River Plata bank, developed that at all these places nothing had been heard of the revolution

Sliding Into the River.

MONTREAL, Que., May 9.—Advices from St. Anne de Parade, near where the St. Alban landslide occurred over a week ago, state that serious landslides are occurring on the east side of St. Anne's river, from the Canadian Pacific railroad bridge extending north. The river has been rising and the banks have been undermined.

Rebels in Central America.

SAN SALVADOR, May 9.—The rebels are retreating from Santa Ana, and, it is reported, intend to seek refuge in Honduras.

GUATEMALA, May 9.—The rebels in Salvador defeated at Santa Ana are said to have made a fresh stand at Ojodelgua.

Wilson Re-Elected.

PARIS, May 9.—Daniel Wilson, the late President Grevy's notorious son-in-law, who was the principal in the decorations scandal, was re-elected today to the chamber from the Loches division of Indre et Loire.

Won't Prosecute the Count.

PARIS, May 9.—M. Max Lebaudy has withdrawn his forgery suit against Count Elie de Talleyrand-Perigord, son of the Princess de Sagan. It is added that all losses sustained by M. Lebaudy have been reimbursed to him.

Engineers Meet in St. Paul.

ST. PAUL, Minn., May 9.—Locomotive engineers have captured St. Paul. Nearly 500 of them came in from the east yesterday morning and the number will be increased to nearly 1,000 by the opening of the biennial session to-day. It is possible that an amendment to the constitution governing the action of the Brotherhood engineers in emergencies like the recent one on the Great Northern will be made, and it is altogether probable that some of the delegates will advocate allowing Brotherhood men to also become members of the American Railway Union, if they so desire.

To Defend the Apportionment.

SPRINGFIELD, Ill, May 9.—Attorney-General Moloney was closeted at his office all day yesterday with Mr. Kimbrough of Danville, who is associated with him in defending the suit brought to test the constitutionality of the democratic senatorial apportionment. Mr. Moloney declined to discuss the proceedings further than to say they were reading the authorities and studying the law involved in the case.

Canadian Cutter Arrests Americans.

SANDUSKY, Ohio, May 9.—Yesterday, off Palee island, the Canadian revenue cutter Petrel captured two American vessels, The Visitor and Leroy Brooks, and forty fishermen from Cincinnati, Dayto, Springfield, and Decatur, Ill. The vessels were dismantled, placed in charge of an armed crew, and towed to Amherstberg, Canada. The men were afterward released.

Housekeeper Sues for $18,000.

NEW YORK, May 9.—Mrs. Elizabeth Edgecomb has sued the estate of the late Eckford Webb for $18,000, which she claims was due her from Webb, whom she served as housekeeper for over twenty years. She says she never received a cent from Webb but it was understood that she should inherit a handsome share of his property.

Makes Eighty-Five Miles an Hour.

ROCHESTER, N. Y., May 9.—The new Lehigh Valley engine No. 655 on a run from Buffalo to Rochester yesterday made an average speed of eighty-five miles an hour.

DAY'S DOINGS OF CONGRESSMEN.

Hoar Stirred 'Em Up.

WASHINGTON, May 9—Senator Hoar's speech against the tariff bill was full of red pepper. "This bill," he said, "has no legitimate parentage. It is born of an unnatural union between two hatreds, that of section against section, and that of class against class." The present bill was not a free trade measure, continued the senator. It contained clauses in the highest degree protective, inserted for the undisguised purpose of buying votes. It was not a protectionist measure, either moderate or extreme. There was not a scrap of good hearted Americanism in the bill. "There is," Mr. Hoar said, "a large majority of democratic senators on this floor who avow the doctrine that duties for protection are a gross violation of the constitution itself. And yet they bring to us a bill crowded with protective duties and tell us that they are prepared to commit this perjury and to be accomplices in this violation because they think their measure, taken as a whole, is better than the existing law, or because they think this violation and perjury are necessary to buy votes for a measure that can not otherwise be passed."

When Mr. Hoar completed his speech Mr. Gray (dem., Del.) answered him in a speech defending the bill. Mr. Palmer (dem., Ill.) also spoke for the measure.

Mr. Hale (rep., Me.) inquired which bill it was that the senator from Illinois thought the American people would approve—the Wilson bill, the first draft of the senate bill, the bill introduced by Mr. Voorhees, the bill at present before the senate, or the new bill introduced. Which bill, he asked, had received the approbation of the country and which part of the country.

Mr. Palmer said the country had overwhelmingly disapproved of the McKinley bill. Any one of the bills framed was preferable to that measure.

The discussion was closed by the venerable senator from Vermont, Mr. Morrill. Then Senator Quay resumed the speech he has been delivering since April 15. No attention was paid to him save by the official reporters. Several roll-calls gave Mr. Quay the necessary breathing spell. At 4:45 p. m. the senate went into executive session.

The Day in the House.

WASHINGTON, May 9.—The bill for the erection of a public printing office in Washington occupied the attention of the house during the greater part of yesterday. A number of amendmenls and substitutes were offered to the first section, providing for the purchase of a site, but the only one which finally came out of the melee was a resolution by Mr. Holman to refer the question to a commission to consist of a committee on public buildings and grounds, with instructions to select a site on ground now owned by the government. The naval appropriation bill was called up and briefly explained in some of its parts by Mr. Cummings, but the house adjourned at 5:10 before he had concluded his remarks.

Des Moines River Land Grants.

WASHINGTON, May 9.—Special Commissioner R. L. Berner of the interior department, appointed under the act of March 3, 1893, to determine the parties legally entitled to entry of land within the so-called Des Moines river land grants, in Iowa, has submitted his report to Secretary Smith. It will be sent to congress for action immediately. The aggregate amount involved in the settlement is between $400,000 and $500,000. Appended to the report is a list of several hundred names of persons entitled to entry, and the report embodies various suggestions for adjusting the claims.

Congress to Take Action on Coxey.

WASHINGTON, May 9.—Chairman McGann of the house committee on labor has completed the text of a joint resolution for a congressional idvestigation of the industrial unrest and incidentally of the Coxey army movement. It will be presented to the labor committee to-day. It had been reported that Coxey would appear before the labor committee to-day, but this is erroneous. Mr. McGann says there will be no hearing, but merely a committee meeting to pass on the resolution.

Cockran Won't Succeed Croker.

WASHINGTON, May 9.—Burke Cockran, yesterday, in reply to a suggestion that he would be the proper man to fill Mr. Croker's place as chief of Tammany, said that he would not.

Bay City Bank to Open.

WASHINGTON, May 9.—The comptroller of the currency has authorized the old Second National bank of Bay City, Mich., to begin business with a capital of $400,000.

Anti-Option Bill Reported.

WASHINGTON, May 9.—Mr. Hatch reported his anti-option bill in the house yesterday.

Will Ask Him to Retire.

LEXINGTON, Ky., May 9.—It is rumored here now that a delegation of democrats will soon wait upon Col. Breckinridge and present to him a paper asking him in the name of the party to withdraw from the race.

Da Gama Goes to Meet Mello.

MONTEVIDEO, May. 9—Da Gama will go to Buenos Ayres to-day to meet Mello and confer with the revolutionary committee there, and on May 16 will go to Portugal.

CHICAGO SMASH-UP COSTS A MAN'S LIFE.

ILLINOIS CENTRAL PASSENGER WRECKED TODAY.

Cars Smashed and Engine Made Into Scraps—Engineer Samuel Edgerton Instantly Killed But His Fireman Escapes—Other Accidents of the Day on Sea and Land.

CHICAGO, May 9—A through passenger on the Illinois Central was wrecked this morning. Cars were smashed, and the engine was completely demolished. The fireman escaped, but Engineer Samuel Edgerly was killed instantly. His body was shockingly disfigured.

LIMA, Ohio, May 9.—While carpenters were repairing the Chicago & Erie bridge west of here the scaffold broke, precipitating the workmen a distance of twenty-five feet F. H. Egglestone of Huntington, Ind., was fatally injured. Others escaped with less serious injury.

SAN FRANCISCO, Cal., May 9.—Private advices from Guaymas, Mexico, report the loss of the schooner Pioneer, owned in this city, on the eastern coast of Lower California. The Pioneer was lumber laden from Puget sound for San Marcos island. Nothing is known here as to the fate of her crew.

DYNAMITE IN PRISON.

Convicts Attempt to Blow Up the Jackson Penitentiary.

JACKSON, Mich., May 9.—An attempt was made Monday evening to blow up the prison with dynamite. As the convicts who were locked in the new west cell block were marching to their cells from an evening meeting three of the convicts, Edward Huntley, sent from Detroit for twenty years for burglary; John de Mann, sent from Grand Rapids for fifteen years for murder in the second degree, and Arthur Lawrence, sent from Eaton county for ten years for burglary, made a break from the ranks. One of them seized the guard, and another sprang up into a window and attempted to light a fuse connected with a dynamite bomb. The alarm was given and Deputy Northrup and Capt. Stone arrived in time to quell the disturbance, and the convicts were soon locked in their cells.

The warden says there had been rumors of dynamite in the prison for over a year, but no trace of it could be found.

GOVERNMENT SCORES A POINT

Sensation Is Sprung in the Bank Trial at Indianapolis.

INDIANAPOLIS, Ind., May 9.—A sensation was sprung by the government in the trial of the bank case yesterday, when J. M. Tufts, of Nashua street, New York, was on the stand. The New York branch of the Indianapolis Cabinet company, which transacted business under the name of the Indianapolis Office Furniture company, was sold by the defendants Aug. 1, 1893, to the bookkeeper of the concern for $18,000 and his notes were taken for the purchase money. These notes were auctioned off in New York and bought in by relatives of the defendants, the idea being to get the property out of their hands after the wrecking of the bank. While Tufts was on the stand he was confronted by a letter written by the Kilmer company, in Boston, offering to sell the property to them in November, three months after the sale of the business by the defendants. Tufts was pretending to act for the defendants in the negotiations. This materially helps the case of the government.

In for a Long Siege.

JACKSONVILLE, Ill., May 9.—The democratic convention of the Sixteenth congressional district met yesterday. The delegations stood just as they were elected: Calhoun, 3, Selby; Cass, 8, Downing; Greene, 11, Lakin; Jersey, 7, Page; Macoupin, 17, Bell; Morgan, 14, Callon; Pike, 12, Williams; Scott, 4, Allen. There are eight counties in the district, each with a candidate. There was no choice on the seventeenth ballot and no evidence that a nomination would be made for three or four days, and after ninety-five ballots had been taken the convention adjourned until 10 o'clock in the morning, with a good prospect of several days' work before a nomination was made.

Disastrous Fire in Pawnee, Ill.

SPRINGFIELD, Ill., May 9.—Fire broke out at 12:30 o'clock yesterday in Underwood & Blakey's general store in Pawnee, this county, and before the flames were brought into subjection the entire east side of the business square, including nine stores, was in ashes. The total loss is estimated at $20,000 and the total insurance is not over $8,000. Half of the business portion of the town was destroyed in two hours.

Give Strong Evidence of Boodling.

SIOUX CITY, Iowa, May 9.—The injunction suit against the county and its commissioners, resulting from the recent exposures of boodling in the board, to prevent it from issuing $258,000 of funding bonds to take up the floating debt, was brought before Judge Ladd yesterday. The evidence bears hard against the supervisors. The grand jury is also in session to investigate the charges.

CHURCH SWEPT AWAY BUT CLUBS SURVIVE.

PASTOR'S PROPHECY AT THE FORTNIGHTLY BANQUET.

Rev. C. F. Elliott Looks Forward to a Day When the Pulpit Will No Longer Be Recognized as the Central Agent for the Uplifting of Mankind.

Under the jollity at the Fortnightl club banquet last night was the soberness born of a purpose.

"The day may be near, said Rev. C. F. Elliott in his address, "when the pulpit will be swept away. The day may be when this instrument of uplifting will be discarded. When that time does come it will be because the work now done by the church is better performed by the club—when human growth and progress is insured by the coming together of earnest men and women in a way that club life permits. I see in the club a successor to the church. Three years ago I said this to you when I was leaving the pulpit for a business life. I say it again as I re-enter the pulpit with my views broadened by my experience in the business world."

Mr. Elliott's talk gives the key to all the speeches of the evening. In five years the Fortnightly has made good its claim to being more than simply a means of entertainment. It is a working club—a club that has benefited a circle far wider than its own membership. The banquet which signalized the end of its fifth year found the club stronger than ever. Eighty sat at the tables in the dining room of the Park and discussed the following

MENU.

Royal Consomme, en Tasse.
Fillet Salmon Trout. Pommes Dauphin.
Fillet of Beef, Petit Pois.
Chicken Croquettes Lettuce Salad.
Angels' Food Devils' Food
Vanilla Ice Cream.

Cafe Noir

Full justice was done to the spread, which was the best ever served to the club. The tables having been cleared President G. L. Carrington arose and reviewed the work of the club in the president's address. Among other things he said:

"That the past has left its imprint, not only upon the members of the club, but also upon this community, there is not a person here tonight who will doubt. Possibly our past work has not been from a literary standpoint all that we might have done, possibly had we only one object in view we might have done from this one standpoint more work if not better, but our club made up as it is of young and old, of artizan, merchant and professional people, our aim has been to so shape our work that rest as well as profit might come to all. We have also had in view the liberal education that comes to men and women from this touch of kindly hearts and true and faithful souls, in friendship and social intercourse; that in this line we have been a success as a club no one who has been with us will try to dispute."

Miss Carolyn Kimball was bright and entertaining in her response to the toast "What's Trumps? Or the Jolly Side of the Club." John Day Jr., was called to his feet by the toast "Our Younger Members," and won a round of applause. Mrs. E. R. Inman summed up the club's work from the standpoint of an interested outsider, her toast being "How It Looks to a Man Up a Tree." Some hints as to future work of the club were given by Professor H. C. Buell in a crisp and well considered talk. The address of Rev. C. F. Elliott was the last on the programme. Interspersed with these addresses were songs by Miss Charlotte Prichard, A. J. Bouchard and John B. Waldo and a piano solo by Miss Luvic Waldo. Dancing to the music of Tuckwood's orchestra followed the toasts, and midnight was long past before the company broke up.

C. L. Valentine Cites Rulings That Cover the Case Under Dispute.

Pending the trial of the Adams case Janesville people are interested in the subject of compulsory vaccination. C. L. Valentine writes to the Sentinel:

"In a decision of the Supreme court of the United States March 5, 1894, in the case of George W. Lawton et al. vs. William N. Steel, the court says: "The extent and limits of what is known as the police power have been a fruitful subject of discussion in the appellate courts of nearly every state in the union. It is universally conceded to include everything essential to the public safety, health and morals and to justify the destruction or abatement, by summary proceedings, of whatever may be regarded as a public nuisance. Under this power it has been held that the state may order the destruction of a house falling to decay or otherwise endangering the lives of the passersby; the demolition of such as are in the path of a conflagation; the slaughter of diseased cattle; the destruction of decayed or unwholesome food; the prohibition of wooden buildings in cities; the regulation of railways and other means of public conveyances, and of interments in burial grounds; the restriction of objectionable trades to certain localities; the compulsory vaccination of children, etc." You will find this decision in full in The Forest and Stream, page 227, March, 17, 1894, entitled "Nets as Nuisance." The subject matter of the decision is full of interest to those in favor of protection of our fishing industries.

JANESVILLE STONE NO GOOD

Paving Expert Says it is Not Fit For Street Work.

Janesville is interested in paving and can get pointers from Beloi where D. W. Mead an expert not connected with any firm, was brought to study the situation. He addressed a meeting of the Civic club and said by way of introduction that in street work as well as in all public improvements the thing to be considered should be the city's own resources. The mistake was frequently made of doing something because another city did it. A city should act for itself because conditions were rarely just alike at any two places.

Brick should rank first in Beloit, he said, cedar second and then granite, cobble and macadam. He did not not think much of cobble stone pavements as few were laid because of their roughness. In Chicago many things were being tried for road-beds, and they are using much cedar, although Mr. Mead thought it was more because of the big interest represented in the cedar busiuess rather than because of its merits.

The stone from Beloit, Janesville and Rockford quarries was not good enough for macadamizing as it wore out uickly and made dust in dry times and mud when it was wet. The best pavement was declared to be with paving brick laid on a crushed stone foundation, one course of stone being good enough for a city like Beloit.

TWO SOLDIERS SHOOT WELL.

Gen. J. B. Doe and Capt. J. B. Whiting Named in General Orders.

Captain C. F. Glass has received Circular No. 5, bearing upon the National Guard target regulation and rifle practice for the year, issued from the adjutant-general's office. The regulation for target practice for the season of 1894 will be the same as last year, and any modifications which may be determined hereafter will affect the practice on the state range only. The attention of company commanders is particularly called to gallery practice and practice on the home ranges. In the future the state button must be used on all dress uniforms whether of officers or enlisted men. Janesville soldiers who qualified as sharpshooters during the target year are Adjutant-General J. B. Doe, 73; J. B. Whiting, 73.28. None of the Janesville people got a place in the list of designated marksmen.

STARCH SELLER IS A FRAUD

Janesville Grocers Warned to Look Out for the Check Racket

Janesville grocers were warned today against a skillful swindler who is traveling through the northwest representing himself to be a salesman for T. Kingsford & Son, selling Silver Gloss and other starches. He has used the name of G. H. Simpson, and takes orders from retailers at prices lower than the regular list, after which he attempts to have a bogus draft cashed, drawn on T. Kingsford & Son, Oswego, N. Y. If this draft is paid it is always the loss of the party cashing it or guaranteeing it. The Kingsford people are anxious to get the man under lock and key.

HIGH SCHOOL PUPILS VOTE ON BIG MEN.

WASHINGTON, LINCOLN AND CLAY AT THE HEAD.

Grant Was Not Ranked as High as Most People Would Suppose—Commercial Department in Good Shape—Base Ball Team at Work—Commencement Plans.

The pupils of the high school recently expressed by ballot their opinion as to who constituetes America's ten greatest men not now living. No influence was used to bias their opinions in any way. The vote represents the first thought of the students. This movement was startbd in the east by the Harpers' Young People a few months ago and similar votes have been taken in many of the high schools and colleges of the east. The following is the vote of the Janesville high school.

Washington	155
Lincoln	142
Clay	123
Webster	113
Grant	108
Longfellow	97
Franklin	82
Henry	68
Blaine	43

The eastern schools have placed them in this order: Washington, Lincoln, Grant, Franklin, Webster, Jefforson, Clay, Longfellow, Sherman Fulton.

Base Ball Club Formed.

The Athletic Association has recently organized a base ball club. Tobias Larson was chosen captain, and a strong force of players constitute the personnel of the club. The boys are practicing every day and arrangements are being made for a good series of games with other high school clubs.

Business Department Strong

The business department of the school has never been in a more flourishing condition than it is at present. Professor Johnson is a practical teacher in that line. He was last year instructor in the Bryant & Stratton Business college, of Chicago and has already placed our business course on a very high plane.

Ready for Commencement

The senior class is making thorough preparation for the commencement exercises to be held in June. They are aiming to make this year's commencement the best in the history of the school.

LIGHTNINC'S PRANKS AT SHOPIERE.

Part of a Barn Torn Down—Trees Felled and People Badly Scared.

SHOPIERE, May 8.—During a heavy thunder storm last Monday afternoon, ligtning struck in several places on the "Canadian" side of the creek. One corner of Mrs. J. P. Fonda's barn was torn to pieces, but did not take fire; a tree in front of C. H. Weirick's house was felled and a horse knocked down for Nash Jones At other places trees were struck but no one hurt, although many were badly scared. A good many farmers were all ready to plant corn just before the last rain, and had commenced. There have been some very heavy rains during the past week but everything on the farm looks well. There will be a splendid lot of fruit of all kinds if nothing happens to injure them from now on. Mrs. Resfigue went to Cary to spend a few days. P. V. Bacon had a stroke of paralysis on Friday evening. A couple of our young men were present at a dancing party at Manchester Friday night. The Good Templars will give an entertainment Friday evening, May 11, at Fraternity hall. Ice cream and cake will be served. A cordial invitation is extended to all. Mr. and Mrs. Noah Jones are rejoicing over the arrival of a boy the past week.

Where Summer Breezes Blow.

Would you fly if you could
To a glen in the wood,
To a spot in the shade
That nature hath made,
Rich with ferns and wild flowers
One of nature's fair bowers?

What is life to the soul
If to labor is all?
What a joy to the heart
When for rest we depart
To the woods and the dells.

Does your heart cry for rest
In a place that is blest,
With no shadow or sorrow
Nor care for the morrow?

If so, send your address for a list of "Summer Tours," published by the Chicago, Milwaukee & St. Paul Railway, Geo. H. Heaford, General Passenger Agent, Chicago, Ill.

Exposition Music Hall to Be Opened.

The Exposition Music Hall in Milwaukee will re-open May 18. As usual it will be under the proprietorship of Mr. B. E. Ciljohann and the active management of O. F. Miller. This is one of the largest amusement enterprises in the United States and should be visited by all who go to Milwaukee. It will be open every evening during the summer and will present the stars of the vandeville and variety world as well as the best concert hall singers and musicians. Messrs. Ciljohann and Miller also manage similar enterprises in Cleveland, O., and Minneapolis, Minn. This makes these gentlemen the most prominent in their line in the West. The Milwaukee hall was a great success last year and will undoubtedly be a greater one this summer.

Johnson's Oriental soap is the most delicate facial soap for ladies in existence. Sold at Smith's Pharmacy

THERE will be fire works and a Fourth of July celebration at Evansville this year.

MAY PARTY WAS A SUCCESS

Light Infantry Armory the Scene Of a Pleasant Gathering

Flowers banked the orchestra platform and drapery hid the windows at the Armory last night. Nothing in the way of accessories was lacking to make the Henrietta club's May party a success. The tinkling notes of mandolins mingled with the full tones of guitars at 8 o'clock and for an hour there was a promenade programme of ten numbers by the Orpheus club. Their music was warmly welcomed and the first waltz of the evening, which was by them filled the dancers with spirit. From 9 until 1 o'clock John Smith's orchestra ruled the floor, six pieces joining in an excellent programme. Fully one hundred couples were present.

The club's success in their May party project was not won without hard work. Every detail was carefully arranged and generous assistance was given by the Linn street green house in the matter of flowers and Archie Reid in furnishing draperies.

POLICE CALLS PUT IN TWO HOTELS

Myers and Grand to Be Connected With the City Clerk's Office.

Henry Kline, manager of the city fire alarm machinery, has been in Chicago a few days obtaining information about the care of electrical machinery. While there he procured something in the way of a police call, which, while very cheap, makes a complete system. He proposes to put a station at the Grand hotel and another at the Myers house, with the office in the city clerk's room, and then invite interested people to inspect it. He can put up this system for eight or ten dollars a box, not including the wire, which will cost about $10 a mile. A complete system can be put up here and cost no more than the salary of a patrolman, provided the lines are run on streets with poles already set. With a system of police calls like this Janesville's police force would be of much more value to the public, and those in need of a policeman would find no difficulty in procuring prompt service.

SPECIAL MEETING OF THE BOARD

Robert More Likely to Be Chairman to Succeed Nye.

County Clerk McIntyre has issued a call for a special meeting of the county board of supervisors on May 31. The meeting is called for the purpose of organization and the consideration of such business as may be brought up. Some of the country members were discussing the chairmanship when one said: "I think Supervisor Robert More of Bradford will be the next man to preside. I have heard Supervisor Henry Tarrant of La Prairie and Supervisor Simon Smith of Beloit, mentioned but they are not probabilities."

KITCHEN ON FIRE EARLY IN THE DAY.

MRS. ANSON KOTHMAN'S HOUSE THREATENED.

Mile Run Made in Quick Time By the Fire Department and the Blaze is Extinguished With Small Loss—An Overheated Chimney the Probable Cause.

An over heated pipe set fire to the ceiling in the kitchen of Mrs. Susan Kothman's house, No. 6 Chestnut street at 6 o'clock this morning, the fire communicating to the roof. The quick movements of the fire department in responding to the call and making a mile run, enabled them to extinguish the fire with only a nominal loss. The furniture was mostly removed from the house by neighbors. A long line of hose was laid, but no water was thrown on the fire, chemicals being used to extinguish the blaze.

PAVING MILWAUKEE STREET

J. B. Green and John Brown Are at Work on the Contract.

The work of paving East Milwaukee street from the bridge to Main street was commenced this morning. J. B. Green and John Brown have the contract, and will hustle the work right along. Many citizens would be pleased to see the pavement continued east to the top of the hill at the junction with the avenues. Alderman Winslow is taking considerable pride in watching the progress of the work, and smiles very blandly at the suggestions of people about paving on Main and other streets, as much as to say: "Wait until the next meeting of the council."

PROHIBITIONISTS WILL NOMINATE.

Rock County Delegates to Be Named Thursday, May 24.

Rock county prohibitionists are ready for work. The following call has been issued:

There will be a prohibition mass convention for the county of Rock, at Janesville, Thursday, May 24, at 10:30 a. m. in the I. O. G. T. hall, Court street M. E. church block, for the purprse of electing twenty-two delegates to the state convention to be held in Milwaukee June 13 and 14, the election of a county committee and the transaction of such other business as may come before the convention. By order of county committee.

S. A. TITUS, Chairman.

Doings at Emerald Grove.

EMERALD GROVE, May 8.—Last week a letter reached here telling of the death of Mrs. Elmer W. Dean, which took place in Orange, California, on April 24. Although Mrs. Dean had been in poor health for some time death was hardly expected so soon. She leaves a little baby girl about six months old, besides a disconsolate husband. On Friday evening, May 18, a sociable will be given in the church parlors for the benefit of the cemetery association and to defray the expense of observing Memorial day. Ray Reynolds is in charge of the Grove meat market. Mr. Van Lone has the reputation of a first class butcher, and we trust will keep us supplied with choice meats. Z. Gilson has moved from 28 Washington avenue, to the Methodist parsonage on West Main street. John Phillips left on Tuesday for Nebraska, where he will spend the summer. W. F. Goodrich, who was suffering from pneumonia, is better. Miss Nettie Boynton began her school at Bradford Center last Monday During the past week rain fell 'till everyone has cried "enough." Corn planting will be in order this week if the weather permits. All those interested in organizing a base ball nine in this place for the season are asked to meet Saturday afternoon of this week. J. Boynton, Miss Janette McArthur and Mrs. George Beesley are delegates from the Congregational Sunday School to the Rock County Sabbath School Association convention to be held in Janesville on Wednesday and Thursday of this week. There will be a stereopticon series at the Congregational church on Sunday evening next conducted by the following persons: Mrs. Fred Scott, Mrs. Everett Ransom, Mrs. Andrew Barlass, Mrs. Gillies Miss Janette McArthur, Le Roy Barlass, Ray Boynton, Mrs. Wetmore, D. E. Jones, Charles Boythorn, Mrs. Lloyd, Mrs. Gilson, Miss Jennette Inman. The subject will be the "Life of Christ" interspersed with songs read from the canvas. The Saturday night bible class will meet in the old church on next Saturday.

TALMAGE TALKS EARTHLY THINGS.

"THE GENERATIONS" AS A SUBJECT FOR SUNDAY'S SERMON.

"One Generation Passeth Away and Another Cometh," Ecclesiastes 1: iv—Twenty-First Anniversary of Dr. Talmage's Pastorate Remembered.

BROOKLYN, May 6.—This was a great day in the history of the Brooklyn Tabernacle. The figures in flowers back of the platform, 1869 and 1894, indicated Rev. Dr. Talmage's time of coming to Brooklyn, and the present celebration, and was introductory to the great meetings in honor of Dr. Talmage's pastorate to take place on the following Thursday and Friday, presided over by the mayor of the city and ex-secretary of the navy, Gen. Tracy, and to be participated in by senators and governors and prominent men from north, south, east and west. The subject of the sermon to-day was "The Generations," the text being Ecclesiastes 1: 4: "One generation passeth away, and another generation cometh."

According to the longevity of people in their particular century has a generation been called a hundred years, or fifty years, or thirty years. By common consent in our nineteeth century, a generation is fixed at twenty-five years.

The largest procession that ever moved is the procession of years, and the greatest army that ever marched is the army of generations. In each generation there are about nine full regiments of days. These 9,125 days in each generation march with wonderful precision. They never break ranks. They never ground arms. They never pitch tents. They never halt. They are never off on furlough They came out of the eternity past, and they move on toward the eternity future. They cross rivers without any bridge or boats. The six hundred immortals of the Crimea dashing into them cause no confusion. They move as rapidly at midnight as midnoon. Their haversacks are full of good bread and bitter aloes, clusters of richest vintage and bottles of agonizing tears. With a regular tread that no order of "double quick" can hasten, or obstacle can slacken, their tramp is on, and on, and on, and on, while mountains crumble and pyramids die. "One generation passeth, and another generation cometh."

This is my twenty-fifth anniversary sermon, 1869 and 1894. It is twenty-five years since I assumed the Brooklyn pastorate. A whole generation has passed. Three generations we have known: That which preceded our own, that which is now at the front, and the one coming on. We are at the heels of our predecessors, and our successors are at our heels. What a generation it was that preceded us! We who are now in the front regiment are the only ones competent to tell the new generation just now coming in sight who our predecessors were. Biography can not tell it. Autobiography can not tell it. Biographies are generally written by special friends of the departed, perhaps by wife, or son, or daughter, and they only tell the good things. The biographers of one of the first Presidents of the United States make no record of the President's account books, now in archives at the capitol, which I have seen, telling how much he lost or gained daily at the gaming table. The biographers of one of the early secretaries of the United States never described the scene that day witnessed when the secretary was carried dead drunk from the state departments to his own home. Autobiography is written by the man himself, and no one would record for future times his own weaknesses and moral deficits. Those who keep diaries put down only things that read well. No man or woman that ever lived would dare to make full record of all the thoughts and words of a life time. We who saw and heard much of the generation marching just ahead of us, are far more able than any book to describe accurately to our successors who our predecessors were. Very much like ourselves, thank you. Human nature in them is very much like human nature in us. At one time of life they were very much like we are now. At the time they were in their teens they were very much like you who are in your teens, and at the time they were in their twenties, they were very much like you who are in your twenties Human nature got an awful twist under a fruit tree in Eden, and though the grace of God does much to straighten things, every new generation has the same twist, and the same work of straightening out has to be done over again.

A mother in the country districts expecting the neighbors at her table on some gala night had with her own hands arranged everything in taste, and as she was about to turn from it to receive her guests, saw her little child by accident upset a pitcher all over the white cloth, and soil everything, and the mother lifted her hand to slap the child, but she suddenly remembered the time when a little child herself in her father's house where they had always before been used to candles, on the purchase of a lamp which was a matter of rarity and pride, she took it in her hands, and dropped it crashing into pieces, and looking up in her father's face expecting chastisement heard only the words: "It is a sad loss, but never mind; you did not mean to do it." History repeats itself. Generations are wonderfully alike. Among that generation that is past, as is our own, and as it will be in the generation following us, those who succeeded, became the target, shot at by those who did not succeed. In those times, as in ours, a man's bitterest enemies were those whom he had befriended and helped. Hates, jealousies and revenges were just as lively in 1869 as in 1894. Hypocrisy sniffed and looked solemn then as now. There was just as much avarice among the apple barrels as now among the cotton bales, and among the wheelborrows as among the locomotives. The tallow candles saw the same sins that are now found under the electric lights. Homespun was just as proud as is the modern fashion plate. Twenty-five years—yea, twenty-five centuries—have not changed human nature a particle. I say this for the encouragement of those who think that our times monopolize all the abominations of the ages. One minute after Adam got outside of Paradise he was just like you, Oh, man! One step after Eve left the gate she was just like you, Oh, woman! All the faults and vices are many times centenarians. Yea, the cities Sodom, Gomorrah, Pompeii, Herculaneum, Heliopolis and ancient Memphis were as much worse than our modern cities as you might expect, from the fact that the modern cities have somewhat yielded to the restraints of Christianity, while those ancient cities were not limited in their abominations.

Yea, that generation which passed off within the last twenty-five years had their bereavements, their temptations, their struggles, their disappointments, their successes, their failures, their gladnesses and their griefs, like these two generations now in sight, that in advance and that following. But the twenty-five years between 1869 and 1894—how much they saw! How much they discovered! How much they felt! Within that time have been performed the miracles of the telephone and the phonograph. From the observatories other worlds have been seen to heave in sight. Six Presidents of the United States have been inaugurated. Trans-Atlantic voyage abbreviated from ten days to five and a half. Chicago and New York once three days apart, now only twenty-four hours by the vestibule limited. Two additional railroads have been built to the Pacific. France has passed from monarchy to republicanism. Many of the cities have nearly doubled their populations. During that generation the chief surviving heroes of the civil war have gone into the encampment of the grave. The chief physicians, attorneys, orators, merchants, have passed off the earth, or are in retirement waiting for transition. Other men in editorial chairs, in pulpits, in governor's mansions, in legislative, senatorial and congressional halls. There are not ten men or women on the earth now prominent who were prominent twenty-five years ago. The crew of this old ship of a world is all changed. Others at the helm, others on the "lookout," others climbing the ratlines. Time is a doctor who with potent anodyne has put an entire generation into sound sleep. Time, like another Cromwell, has roughly prorogued Parliament, and with iconoclasm driven nearly all the rulers except one Queen from their places. So far as I observed that generation, for the most part they did their best. Ghastly exceptions, but so far as I knew them, they did quite well, and many of them gloriously well. They were born at the right time, and they died at the right time. They left the world better than they found it. We are indebted to them for the fact that they prepared the way for our coming. 1894 reverently and gratefully salutes 1869. "One generation passeth away, and another generation cometh."

There are fathers and mothers here whom I baptized in their infancy. There is not one person in this church's board of session or trustees who was here when I came. Here and there in this vast assembly is one person who heard my opening sermon in Brooklyn, but not more than one person in every five hundred now present. Of the seventeen persons who gave me a unanimous call when I came, only three, I believe, are living.

During the passage of the last generation some peculiar events have unfolded, One day while resting at Sharon Springs, N. Y., I think it was in 1870, the year after my settlement in Brooklyn, and while walking in the park of that place, I found myself asking the question, "I wonder is there is any special mission for me to execute in this world? If there is, may God show it to me!" There soon came upon me a great desire to preach the gospel through the secular printing-press. I realized that the vast majority of people, even in Christian lands, never enter a church, and that it would be an opportunity of usefulness infinite if that door of publication were opened. And so I recorded that prayer in a blank book, and effered that prayer day in and day out until the answer came, though in a way different from that which I had expected, for it came through the misrepresentation and persecution of enemies, and I have to record it for the encouragement of all ministers of the Gospel who are misrepresented, that if the misrepresentation be virulent enough, and bitter enough, and continuous enough, there is nothing that so widens one's field of usefulness as hostile attack, if you are really doing the Lord's work. The bigger the lie told about me, the bigger the demand to see and hear what I really was doing. From one stage of sermonic publication to another, the work has gone on, until week by week, and for about twenty-three years, I have had the world for my audience, as no man ever had, and to-day more so than at any other time. The syndicates inform me that my sermons go now to about twenty-five millions of people in all lands. I mention this not in vain boast, but as a testimony to the fact that God answers prayer. Would to God I had better occupied the field and been more consecrated to the work! May God forgive me for lack of service in the past, and double, and quadruple, and quintuple my work in future.

In this my quarter-century sermon I record the fact that side by side with the procession of blessings has gone a procession of disasters. I am preaching to-day in the fourth church building since I began in this city. My first sermon was in the old church on Schermerhorn street, to an audience chiefly of empty seats, for the church was almost extinguished. That church filled and overflowing, we built a larger church, which after two or three years disappeared in flame. Then we built another church, which also in a line of firey succession, disappeared in the same way. Then we put up this building, and may it stand for many years, a fortress of righteousness, and a lighthouse for the storm-tossed, its gates crowded with vast assemblages long after we have ceased to frequent them!

We have raised in this church over one million and thirty thousand dollars for church charitable purposes during the present pastorate, while we have given, free of all expense, the gospel to hundreds of thousands of strangers, year by year. I record with gratitude to God that during this generation of twenty-five years, I remember but two Sabbaths that I have missed service through anything like physical indisposition. Almost a fanatic on the subject of physical exercise, I have made the parks, with which our city is blessed, the means of good physical condition. A daily walk and run in the open air have kept me ready for work and in good humor with all the world. I say to all young ministers of the gospel, it is easier to keep good health than to regain it when once lost. The reason so many good men think the world is going to ruin is because their own physical condition is on the down grade. No man ought to preach who has a diseased liver, or an enlarged spleen. There are two things ahead of us that ought to keep us cheerful in our work,—Heaven and Millennium. And now, having come up to the twenty-fifth milestone in my pastorate, I wonder how many more miles I am to travel? Your company has been exceedingly pleasant, O my dear people, and I would like to march by your side until the generation with whom we are now moving abreast, and step to step, shall have stacked arms after the last battle. But the Lord knows best, and we ought to be willing to stay or go.

But this sermon is not a dirge; it is an anthem. While this world is appropriate as a temporary stay, as an eternal residence it would be a dead failure. It would be a dreadful sentence if our race were doomed to remain here a thousand winters and a thousand summers. God keeps us here just long enough to give us an appetite for heaven. Had we been born in celestial realms, we would not have been able to appreciate the bliss. It needs a good many rough blasts in this world to qualify us to properly estimate the superb climate of that good land where it is never too cold or too hot, too cloudy or too glaring. Heaven will be more to us than those supernal beings who were never tempted, or sick, or bereaved, or tried, or disappointed. So you may well take my text out of the minor key and set it to some tune in the major key. "One generation passeth away, and another generation cometh."

Nothing can rob us of the satisfaction that uncounted thousands of the generation just past were converted, comforted and harvested for heaven by this church, whether in the present building, or the three preceding buildings in which they worshipped. The two great organs of the previous churches went down in the memorable fires, but the multitudinous songs they led year after year were not recalled or injured. There is no power in earth or hell to kill a hallelujah. It is impossible to arrest a hosanna. What a satisfaction to know that there are many thousands in glory on whose eternal welfare this church wrought mightily! Nothing can undo that work, They have ascended, the multitudes who served God in that generation. That chapter is gloriously ended. But that generation has left its impression upon this generation. A sailor was dying on shipboard and he said to his mates, "my lads I can only think of one passage of scripture, 'the soul that sinneth it shall die,' can't you think of something else in the bible to cheer me up?" Well, sailors are kind and they tried to think of some other passage of scripture with which to console their dying comrade, but they could not. One of them said, "Let us call up the cabin boy. His mother was a Christian, and I guess he has a Bible." The cabin boy was called up, and the dying sailor asked him if he had a Bible. He said, "Yes," but he could not exactly find it, and the dying sailor scolded him, and said: "Aint you ashamed of yourself not to read your Bible." So the boy explored the bottom of his trunk and brought out the Bible, and his mother had marked a passage that just fitted the dying sailor's case: "The blood of Jesus Christ his Son cleanseth from all sin." That helped the sailor to die in peace. So one generation helps another, and good things written, or said, or done are reproduced long afterward.

And as for us who are now at the front, having put the garland on the grave of the last generation, and having put the palm branch in the hand of the coming generation, we will cheer each other in the remaining onsets, and go into the shining gate somewhere about the same time, and greeted by the generation that has preceded us, we will have to wait only a little while to greet the generation that will come after us. And will not that be glorious? Three generations in heaven together. The grandfather, the son and the grandson; the grandmother, the daughter and the granddaughter. And so with wider range, and keener faculty we shall realize the full significance of the text: "One generation passeth away, and another generation cometh."

THE TREASURY DEFICIT.

As the fiscal year nears its end the monthly deficits in the treasury accounts increase. In April the revenues fell over $9,500,000 below the expenditures. The shortage from this source in the ten months ending with April has been nearly $65,500,000. Here is a much broader gap between govermental income and outgo than anybody looked for six or eight months ago. Secretary Carlisle, in his annual report sent to congress soon after the regular session began, estimated that the deficit in the year ending with June 30, 1894, would amount to about $28,000-000. The indications at present are that it will reach fully $80,000,000, and it may exceed that figure.

It is evident that another bond sale will have to be resorted to in the next two or three months. The net cash balance of the treasury fell off almost $9,000,000 during April, and was about $125,00,000 at the begining of May. At that time the gold fund was hovering around the $100,000,000 mark. It is now $2,000,000 below that.

Apparently the government will once more have to avail itself of the resumption law of 1875 in order to protect the treasury reserve. It would be in every way desirable to have an act passed giving power to sell bonds at a low rate of interest. The democrats, however, are unwilling to pass such an act, and the one put through by the republicans nineteen years ago, when money was scarce and dear will have to be resorted to again. This blindness and shiftlessness is discreditable to congress and humiliating to the country, but the only remedy is for the people to choose a better class of representatives.

DOESN'T SAY "NO" VERY LOUDLY.

None of the republican presidential aspirants will be blinded by General Harrison's modest disclaimer. The tact and discrimination with which he has always been fairly well endowed would naturally keep him from entering the race at this early stage. Moreover, another consideration, and one which, to his credit, is evidently powerful with him, has an influence in the same direction. This is the sense of dignity which attaches to the post which he has held. He seems disposed to maintain the proprieties and the decorum expected of an ex-president sufficiently to keep him out of all unseemly scrambles for any office, even if he did pull wires vigorously in 1892. But if the convention offers the candidacy to him he will accept it. If he should not he would be something above the normal type of humanity, and General Harrison is unquestionably and persistently human.

Democratic senators believe that their compromise on the tariff bill strengthens the measure, but the fact that a compromise was necessary is ominous for the party. A political organization which is as discordant on the chief issue of national concern as the democracy has shown itself to be is in decidedly poor shape for waging an active congressional canvass.

That proposition to limit the operation of the income tax to five years must be a joke. Five years from now the Wilson bill and the income tax with it will be nothing but unpleasant memories, having been long since wiped off the books by a republican congress.

Janesville saves money on every foot of block pavement laid. Enough has been spent in graveling East Milwaukee street from Main street to the bridge to pave the street for half a mile.

Without piling expense on the city the aldermen are going to work in a sensible way to put Janesville streets in passable shape.

If there are any more F. S. Winslows in town let's put them in the common council right away.

Radical, Socialist, Communist.

For many years John Swinton has been known as a radical, a socialist, a communist, and his speeches on sociological and economic topics have been full of a vigorous fire all his own. Fire Threatens a Wisconsin Town.

MARINETTE, Wis., May 9.—Forest fires are raging along the line of the Chicago, Milwaukee & St. Paul railway between here and Ellis junction, caused by the high wind of yesterday. The flames are particulary fierce around Porterfield and great damage will follow unless the wind goes down. The town is threatened.

Negro Gets His Brother's Fortune.

The mate of a schooner, who vouches for the truth of the story, says that the serpent made several unsuccessful efforts to climb on the deck of his vessel.

The Indians of Guiana have a curious system of numeration. They count by the hand and its four fingers. Thus, when they reach five, instead of saying so, they call it a "hand." Six is, therefore, a "hand and first finger," seven, a "hand and second finger." Ten is "two hands," but twenty, instead of being "four hands," is a "man." Forty is "two men," and thus they go on by twenties. Forty-six is expressed as "two men, a hand and first finger.

A couple living near New London, Conn., were recently married without the sanctity of a marriage ceremony. A dominie met the couple one day on the road face to face and stopped to talk to them. "Why don't you get married according to law?" he asked. "Now," said he, turning to the woman, "you are willing to take this man for your husband?" "Yes," she replied. "And you are willing to take this woman for your wife?" turning to the man, who unsuspiciously said "Yes." "Then," said he, "by the authority vested in me by the state of Connecticut, I pronounce you man and wife."

TROTTERS VALUED AT MORE THAN $100.

C. & N. W. Way-Bill Showed This to Be Their Price But the Court Holds That Such Contracts are Invalid—Brief Bits of Bower City News and Personal Mention.

JUDGE BENNETT announced an important decision to-day in the Carpenter damage suit. Carpenter, in shipping horses, had signed a contract in which the value of his horses was named at one hundred dollars each, and the defendant by this contract, undertook to maintain that no greater sum could be recovered. The judge held that contracts made by a railway company by which they are relieved from liability resulting from negligence, are void. The case will occupy another day.

Remember the place, 21 West Milwaukee street, opposite the post office.

AN honest shoe; stylishly made, worth $2.50. That's our $1.50 fellow; and it simply makes all other $1.50 shoes vanish from sight. You have never seen one anywhere near like it. We received a letter this morning from the manufacturer of them, complimenting us upon our enormous sale of them. He guarantees the wear of every pair. Becker & Woodruff on the bridge.

WE have turned out the finest and most perfect fitting suits ever turned out in the city of Janesville since we opened our merchant tailoring, and employ none but expert workmen. If in need of a spring suit or overcoat, it will pay you to see us, as we guarantee perfect satisfaction. J. Weisend, Merchant Tailor, O. P. O.

JOHN M. NELSON, of Nelson Brothers, Court street liverymen, is now the proprietor of the cigar store in the Wilcox block, East Milwaukee street, Wallace Skinner having disposed of his interest to Mr. Nelson. Bart Kehoe will run the store for Mr. Nelson.

IT is to be generally hoped that it will be a nice day on Memorial day so that Grover can go a'fishing. Then too, he might take General Doe with him, which fact will make all Janesville pray for a warm sun and just enough wind to ruffle the water.

WE not only defy all competition in Janesville, but we defy the world to produce a shoe equal to our "7 button wonder" for $2.48. Ladies we want you to see them. Brown Bros. and Lincoln.

TUESDAY evening, June 5, is the day appointed for the dedication of the new hall of the Concordia society, which is being refitted in the Bennett block. Smith's orchestra of eleven pieces will furnish music for the exercises.

SAD DAY'S SERVICES FOR OLD SOLDIERS.

NO GALA CELEBRATION TO BE HELD MEMORIAL DAY.

Burn Powder on the Fourth But Commemorate the Memory of Departed Heroes With Muffled Drums and Flags at Half Mast—Programme of the Evening's Exercises.

Janesville will mark Memorial day this year as it should be marked.

Celebrate the Fourth with rattling drum and screaming fife; Memorial day with a handkerchief under the drum snares and with flags looped with black.

In this respect Janesville will follow the example of many other cities. The Memorial day comes on Wednesday May 30 this year and old soldiers will report at W. H. Sargent Post Hall at 9 o'clock and march to the cemetery, probably accompanied by the Janesville Light Infantry. The usual Grand Army military services will be held.

In the evening the veterans will march to the Congregational church at 7:30 o'clock where a programme will be given as follows.

Music	United Choirs of the City
Prayer	Rev. S. P. Wilder
G. A. R. Memorial Service	W. H. Sargent Post
Recitation	Miss Lou Fenton
Music	Choirs
Memorial address	Rev. E. H. Pence
Song, "America"	Schools of the City
Recitation	Miss Myrta Williams
Music	Choirs

The idea of having the exercises in the church in the evening instead of at the cemetery in the afternoon is a wise one. It is hard for those who take part to speak or sing in the open air and the old soldiers cannot stand up for an hour or two the way they used to, therefore the change is made. The front half of each gallery in the church will be set aside for the children who will sing, and the public is cordially invited to attend. The custom of setting ball games, dances, and other amusements for this day is earnestly deprecated and general observance of the day as sacred to the dead is urged.

JOINED BY WEDLOCK'S BOND

Echlin-Inman.

The home of Elijah Inman, Mineral Spring farm, Bradford, was the scene yesterday of a very enjoyable affair. The occasion was the marriage of Mr. Inman's youngest daughter, Bertha Ruth to Joseph W. Echlin, of this city. The ceremony was performed by Rev. S. P. Wilder in the presence of the immediate relatives only. After a most sumptuous dinner the "twain now made one," left for a short wedding trip and upon their return will occupy Mr. Echlin's house on Madison street. The bride was the recipient of many most substantial tokens of regard and the well wishes of a large circle of friends will follow them to their new home in this city, where both and especially the groom are well known.

THE DAY IN THE CITY.

Dr. Whiting's Faithful Horse Is Dead.

After twenty-two years' faithful service Dr. J. B. Whiting's family horse is dead. "Tom," as he was called, began life twenty-seven years ago hauling farm machinery for John H. Taylor. Then Dr. Whiting got him and for the past twenty-two years Tom has worked for him, first drawing the doctor's buggy and of late years the family phaeton. He was a good horse and never made a wrong move in all his years of work.

Young Ostrich For F. C. Stilson.

Last evening Frank Stevens and D. Davies presented Stillson a young ostrich hatched a few days ago at their Spring Brook ostrich farm. The little thing is not wholly unlike a ducklet of the same age. Frank Stevens says the old bird has a family of sixteen young ones.

Fortnightly Club Already At Work.

Two months earlier than usual the programme committee of the Fortnightly club will begin work this year. The committee has been named already and will meet soon to plan for next year's work. Last evening's banquet is reported on another page.

Willing to Succeed Burdge.

Candidates are feeling around for the state senatorship in the Rock Green district. Palmer of Brodhead has been canvassing Rock county and has developed considerable strength.

It Pleases Them.

A more pleasant looking lot of sales people and proprietors cannot be found in any store in the city except Bort, Bailey & Co's. They are happy and when evening comes very tired, but being tired from waiting on customers is very desirable. From the time they open their store in the morning, until they close it in the evening, a continual rush of people can be seen pouring in. The reason is simple. This house has decided to divide their profits with the people and are doing it. Therefore they are crowded daily. Watch the ladies buy corsets tomorrow.

For the Ladies.

Blue silver enameled ladies link sleeve buttons and studs for ladies' waist fronts, are on exhibition at F. C. Cook & Co's.

SUNDAY SCHOOL CONVENTION

Work of the Meeting Begins With Many Manifestations of Interest

Enthusiastic Rock county Sunday school workers assembled in the Presbyterian church at 2 o'clock this afternoon in regular annual convention. The opening session was not as largely attended as expected, but the local managers are assured that large delegations will arrive this evening and tomorrow morning. The work for tonight and tomorrow is of much importance.

Fails for $500,000.

ST. JOSEPH, Mo., May 9.—A. N. Schuster & Co., the oldest wholesale clothing firm in this city and one of the strongest in the west, has assigned in favor of J. W. Walker of the wholesale firm of Steele & Walker. The liabilities are not made public, but are estimated to be about $500,000. The assets, it is claimed, will more than equal the liabilities. Bad collections is the cause assigned.

FACTORY CLOSED UP ON A MORTGAGE.

EMPIRE CROSS SPRINGS PLANT NOW IDLE.

Claim Held By Alex Richardson—The Factory Shut Down and the Effects Will be Sold May 12—Positive Statement of Assets and Liabilities Cannot Be Had.

The Empire Cross Spring Company factory has been closed on chattel mortgage proceedings, and the effects of the company are to be sold on May 12.

Previous to the general break up of manufacturing business the company was doing an extensive business, their carryalls, omnibuses and wagonettes going to every civilized part of the globe. The company occupied the old roller skating rink on South River street, and employed a large force of skilled workmen. For the past year their trade has been very dull. Last January the manager John W. Richardson gave a chattle mortgage to Alex. Richardson, covering the effects of the company. By a notice posted on the office door of the company, the fact is learned that the mortgaged effects are to be sold on May 12, Alex Richardson having taken posession and closed the concern under his mortgage.

Alex. Richardson is absent from the city, and it is therefore not known what will be done with the plant, or whether it is to remain idle for any length of time. A large number of employes are thus thrown out of employment. The liabilities of the company are not known.

TITCOMB SAYS SHAW SO DO MANY OTHERS

FAMOUS PIANISTS PRAISE THE GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

Everybody in Janesville knows Professor Charles Titcomb.

His judgment on pianos would be taken by anybody.

What he thinks of the Shaw, the piano offered by the Gazette, is shown by his choice of that instrument over all other uprights in the market. He uses it in recitals and his preference is admitted by St. Paul musicians to be well founded. Here is one of the letters to the St. Paul agents of the Shaw company:

ST. PAUL, MINN., NOV. 8, 1819, S. W. RAUDENBUSH & CO. DEAR SIRS:—Owning to the fact that Miss ——refuses to give up her possession of our hall for this evening we have been compelled to postpone the recital till the 31st. I thank you many times for your kindness. Professor Titcomb was completely captivated with the Shaw piano the other evening. Yours truly, W. Allison, Financial Secretary, Y. M. C. A.

That Mr. Titcomb is not alone in his praise of the Shaw is proven by a forty-page pamphlet issued by Raudenbush & Co. and containing the most complimentary letters as to the Shaw's quality. There is no reason to doubt that this instrument ranks in the markets of the country just as Chickerings, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. New subscribers should be reported as fast as secured, but coupons should be tied in bundles of one hundred each and kept until the day the competition closes. Votes have been cast up to date, for the following candidates:

Baker, Bessie
Clifford, Alice M,
Eldredge, Rose B.
Frink, May
Foster, Lahlie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Hugett, Miss Olive.
Hayward, Minnie
Kenyon, Cora
Kastner, Alice
Loucks, Franc
McNeil, Anna
Peters. Nellie
Pease, Bashie K.
Randall, Carrie M.
Wright, Ada V.

Names of other candidates will be added as fast as votes are received. Only bona fide candidates will be allowed. The rule that nobody is permitted to enter merely to represent an organized society will be strictly enforced.

From now until the contest closes a coupon will be printed in each issue of the Gazette.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

6. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

7. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

8. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250votes.

New subscriber paid in advance six month, 900 votes,

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

He, after their first kiss—Ah, Ethel it was your womanly instinct that told you I loved you. "No-o, your sister.

"It is as easy to write shorthand," Foggs says, "as it is to run into debt. In either case it is the notes that bother a fellow."

Irene—I've read so often about stag parties. What is a stag party? Laura—Don't you know? It's a party where they are all male dears.

"What right have Miss Scribb's friends to consider her a brilliant writer?" Scratchley — Er-why, the kind of ink she uses, I suppose.

Mr. Flash—Was your sister expecting me this evening? "Yes, I guess so." "Did she say anything about it?" "No, but she went to the opera with Mr. Jones."

Jess—Miss Fitz gives her age as 29, but she means 30. Bess—Then why doesn't she say 30? Jess—O, that's the way merchants mark their goods nowadays.

Wife—Cousin Kate says you were very impolite toward her when she called on Monday. Husband—That was because it was twilight and I thought at first it was yourself.

Pastor, to peasant girl—Why do you weep so much? "Because my lover has gone to the army for three years." "But those will soon be over, then he will return." "Yes, but I am afraid in the meantime another man will marry me.

"You are not afraid to die, are you?" asked the weeping watcher at the bedside. "No," whispered the chronic kicker, "but it does worry me to think that I soon shall be with the silent majority, when all of my life I have enjoyed being in the noisy minority."

"Did you hear about Sharpwun? He has abandoned Miss Monniworth, the girl he was engaged to." "You don't mean it! What was the reason, I wonder?" "They say it was a case of heart failure. He heard that old Monniworth had gone into insolvency."

Negroes and Extreme Heat.

The function of the negro's black skin is now supposed to be the conversion of the sun's light into heat. The heat thus generated remains in the skin, never penetrating to the deeper and more vital tissues. This being the case the African may properly be said to be possessed with a thin and pliable sun-proof armor. This accounts for the curious but well-known physiological fact that the negro is able to stand almost any degree of heat without being in danger from sunstroke.

Scarlet Fever At Barker's Corner's.

BARKER'S CORNER'S May 8—Many of the farmers in this vicinity are planting corn. George, Margie and Ella Barker are all on the sick list, consequently Ella's school is having a vacation. Mrs. Eliza Hodge has returned from Milwaukee. Her eye is somewhat improved. Dr. Metcalf, of Janesville, is treating it at present. Mrs. Albien's three little children have scarlet fever. Mike Babyor has a sick child. Fred Glenn was a caller in this vicinity Monday. Mrs. Kelly, of Milton Junction, spent Friday at Will Paul's. Mrs. Glenn and Grace spent the same day at Mrs. Harriet Paul's. Mrs. William Ablet was called to Rock township last week by the death and burial of her father, Mr. Skelly. Edward Davis and wife have gone to housekeeping on the Davis farm. Miss Rebecca Stockman is teaching in the Russell district. George Barker and his brother Jule left Saturday for the east. They will visit Boston, New York city and Brooklyn and expect to be absent several months.

HOPE FOR THE HAIRLESS.

Professor Birkholz, of Chicago, Gives Hope to Those Afflicted with Baldness--A "No Cure, No Pay" Treatment.

Professor G. Birkholz, of Chicago, the eminent German specialist, who for years has devoted his time and talent to the study of the hair follicles, and who has evolved the most successful treatment for baldness the world has ever known.

He will carefully examine each case and candidly inform the inquirer whether his baldness can be cured and the hair be restored. These examinations are made without charge.

In all cases where there are any hair follicles remaining undestroyed by age or disease the professor will undertake a cure, and if he does not effect a restoration of the hair he will ask no pay.

The remedy is an imported one, and the treatment given by the professor is his own, and cures where all others fail. If your case has been pronounced incurable do not take it as a final answer until you have seen Professor Birkholz and received his opinion.

Many persons have small bald spots through the hair. These increase in area and in time produce baldness. In such cases the hair follicles need nourishment. Prompt treatment will bring them into activity and restore the hair.

The success that has attended Professor Birkholz everywhere enables him to give a positive opinion in each case presented to him. Those who are bald or are threatened with baldness should not delay treatment, but call upon the professor at once. 1011 Masonic Temple Chicago.

☞Hand this notice to any first-class druggist and he will get the remedy for you at once, if he has not got it in stock.

Did You Ever Meet a Truly Good Man!

No doubt you think you have, but we'll wager a dime or so he did not have the rheumatism. If he did, he swore occasionally, and no man can be truly good who swears occasionally. Health, nerve tranquility and morality are apt to go hand in hand. Painful spasmodic diseases like rheumatism and neuralgia ruin the temper, make one morose, peevish and rebellious. This is a sad fact, but it is none the less true. Drive away the pain, mollify the temper, restore tranquility of mind in cases of rheumatism and neuralgia with Hostetter's Stomach Bitters, an anodyne and tonic of comprehensive range and effect. It healthfully stimulates the kidneys, bladder, stomach, liver and bowels when inactive, and induces sleep and appetite. A very quieting effect, not an unnatural, stupifying one like that of an opiate, is produced by a wineglassful before retiring. It is incomparable in malarial disease.

QUEER TITLES OF BOOKS.

Rev. James Murray published, in 1768, three large volumes of "Sermons to Asses."

During the reign of James I. a writer named Sylvester published a poem entitled, "Tobacco Battered, and the Pipes Shattered About Their Ears Who Idly Use So Base and Barbarous a Weed."

The British museum has a book published by an anonymous author in 1760. It has the odd title, "Did You Ever See Such Stuff, or, So Much the Better, Being a Story Without Head or Tail, Wit or Humor."

The Radcliffe library has a black letter book entitled, "A Chrystall Glass for Christian Women, Exhibiting the Goodlie Life and Death of Katherine Stubs, of Burton, upon Trent, in Staffordshire."

In 1595 an English preacher published a sermon entitled "Quippes for Upstart Newfangled Gentlewomen, Containing a Pleasant Invective Against the Fantastical Foreign Toys Dailie Used in Women's Apparel."

A London second-hand bookseller recently advertised a little book of religious consolation. It was published in 1630, and bears the consolatory title, "A Handkerchief for Parents' Wet Eyes Upon the Death of Children."

Lovell, the naturalist, in 1661, published a book at Oxford entitled, Pan-Zoologico-Mineralogia," a title which recalls that proposed by Rabelais, who intended to call one of his books "Antipericatametaparahengedamphicribrationes."

ONE WOMAN'S REWARD.

A GREAT SHOWER OF CONFIDENCE

Such as Never Descended upon Any Other American Woman.

[SPECIAL TO OUR LADY READERS.]

IT'S a glorious possession.

The most famous physician wins it from a comparatively small number.

One woman, and only one, has won it from tens of thousands during the past twenty years.

Loving confidences, heartfelt gratitude, loyal devotion, is showered upon her name because of salvation from a miserable existence, and the peace and joy of restored health through her wonderful skill.

Lydia E. Pinkham's name will go down the ages as the friend of all women.

Her Vegetable Compound has saved thousands from the terrors of female complaints.

Backache, despondency, fainting, spinal weakness, avoiding society, bearing down, are all symptoms of trouble in the womb.

The Vegetable Compound removes the cause of the trouble.

Read what Mrs. S. W. White, who lives at 816 Holly Street, West Philadelphia, Pa., calls a family blessing.

Thus she writes to Mrs. Pinkham:—

"I have suffered for ten years with female complaints of the worst form, accompanied by severe spinal trouble, causing incessant backache, weakness of the stomach, and nervousness.

"I gave up all hope of ever being well again. Just then someone recommended Lydia E. Pinkham's Vegetable Compound. I followed your directions and treatment until I am now a perfectly well woman.

"I gave it to my two daughters, aged fourteen and sixteen years, and they are fine, healthy girls.

"It is surely a blessing to our family."

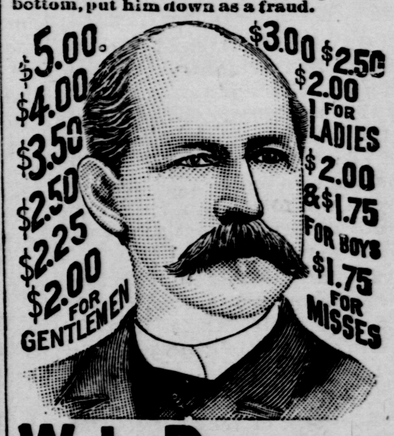
CAUTION.—If a dealer offers W. L. Douglas Shoes at a reduced price, or says he has them without name stamped on bottom, put him down as a fraud.



W. L. DOUGLAS $3 SHOE BEST IN THE WORLD.

W. L. DOUGLAS Shoes are stylish, easy fitting, and give better satisfaction at the prices advertised than any other make. Try one pair and be convinced. The stamping of W. L. Douglas' name and price on the bottom, which guarantees their value, saves thousands of dollars annually to those who wear them. Dealers who push the sale of W. L. Douglas Shoes gain customers, which helps to increase the sales on their full line of goods. They can afford to sell at a less profit, and we believe you can save money by buying all your footwear of the dealer advertised below.

BROWN BROS.

FOR BOATING AND THE COUNTRY.

Summer Outing Costumes This Year Are of Many Hued Stripes.

Outing flannels are shown having a colored stripe on a white ground, and as they wash well and easily they are useful for making up into blouse waists for boating and country wear, besides being appropriate for children's outing frocks where coolness and frequent changes are the chief considerations. White cotton duck is also seen having broad blue, pink, brown or black stripes, besides more delicately col-

ored styles, and a new variety of blue denim has been brought out, thin and fine, but very firm, which is intended to be used as dress material. Brown and navy blue serges of good width and quality are sold at a low price now and may be made into attractive outing suits, having an Eton jacket or a blazer with a wide collar, and worn with a blouse of wash silk in harmonizing tints. These wash silks are prettier this season than they ever were before. They are usually striped and are shown in all shades of rose, green, yellow, blue and violet, combined with white or with each other. Plain white linen is also a good material for blouses to be worn under a jacket, as it is extremely cool and launders beautifully, but linen bodices cannot be obtained ready made.

The skirts of outing costumes are most often made without a lining to insure lightness, and the edges of the seams inside are neatly bound with bias strips of silk or cambric. These unlined skirts must be worn over a stiff petticoat in order to make them hang well. Laced outing shoes for women are made of tan calf and are cut like a man's in every respect. They have a low heel, but a very pointed toe, and are devoid of all ornamentation.

An illustration is given of an outing costume of cheviot and silk. The skirt is laid in wide box plaits and has several rows of stitching near the bottom. With it is worn a silk blouse with gigot sleeves. A novel triple cape forms a part of the costume. It is of cheviot, like the skirt, and is cut in a sort of yoke shape, the edges being finished with rows of stitching.

JUDIC CHOLLET.

GOOD AND BAD TASTE.

Judic Chollet Defines Them and Describes a Gown In Gold and Blue.

What constitutes the difference between good and bad taste? Good taste may be fairly defined as an intuitive perception of the fitness of things, but it is impossible to lay down rigid rules of color and form by following which the effect of good taste may be secured. In the matter of dress, for instance, what is in good taste at one time or on one person may be ex-

BLUE AND GOLD TAFFETA GOWN.

ecrable taste elsewhere. After a few broad laws of universal application have been observed there remain a host of minor considerations which must be settled by each individual according to her particular requirements. Certain persons maintain that only dark and dull colors should be worn in the street, because they are neat and unaggressive. Others insist that brighter tints are equally appropriate and give an effect of life and cheerfulness, besides being more becoming. One authority declares that short walking skirts are ungraceful, unfeminine and immodest, and only a woman who is unduly anxious to display her feet will wear them; another reviles long ones as clumsy and untidy. A writer on etiquette states that a woman who eats in a restaurant without wholly removing her veil is guilty of a gross solecism; another replies that as the rearrangement of the veil involves the adjustment of the hair it is a worse solecism to make a dressing room of a dining apartment. A critic of manners contemns the woman who slips off the hand of her long glove at dinner and tucks it in at the wrist; another avows that only a vulgarian will strip off and draw on in public gloves long enough to suggest hosiery. It is at one time announced that nobody ought to wear black, as it adds 10 years to the apparent age. Soon after appears a recommendation of black gowns as being universally becoming and invariably in good taste. All these differing opinions may be both right and wrong, as circumstances alter cases in every affair of life, and an ordinarily clever woman needs only to exercise her gift of tact in order to be an authority unto herself, wiser than any outside one that she can consult.

Whether brilliant colors are in good taste or not, they are fashionable at present. An illustration is given of a costume composed of blue and gold taffeta. It has a draped tunic of blue liberty satin trimmed with guipure. The balloon sleeves are of taffeta, and the bows are of gold colored satin.

JUDIC CHOLLET.

All Born in 1809.

A wave of great men (or babies that were destined to become great) seems to have swept over the world in 1809. Why they were precipitated upon the world during that particular year will, perhaps, never be known, but it is a fact that the following named historical personages count it as their birth year: Lincoln, Gladstone, Darwin, Edgar Allan Poe, Cyrus McCormick, Benjamin Pierce, Alfred Tennyson, Mark Lemon, Jules Favre, Rapheal Semms, Albert Pike and Oliver Wendell Holmes.

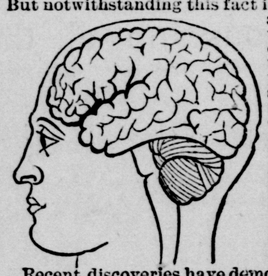
The Gasoline Carriage.

At the recent tie-up of all the Steinway street railway cars at Long Island City, all connection with New York was entirely cut off, only the Daimler Motor company was equal to the emergency, putting into service one of their motor carriages and connecting its two offices in Steinway and New York in this latest style. The carriage made quite a sensation as it sped along without the use of horses or electricity.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord, near the base of the brain, and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.



Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

DR. FRANKLIN MILES, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

DR. MILES' RESTORATIVE NERVINE is sold by all druggists on a positive guarantee, or sent direct by DR. MILES MEDICAL CO., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid. It contains neither opiates nor dangerous drugs.

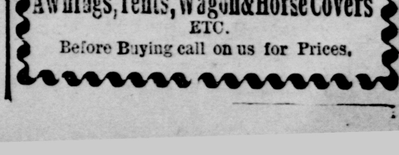
Catarrh AND COLD IN THE HEAD

relieved instantly by one application of

Birney's Catarrh Powder



REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes:
GENTLEMEN:—I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good sisters speak most encouragingly of their use of it in the Hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering.
M. E. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes:
GENTLEMEN:—Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrhal Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 18 inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve.

A Corset . .

adds more toward a good form and graceful shape than any other article of wearing apparel. Then don't buy poor style, bad-shaped affairs, that **bulge out at the top wrinkle up at the bottom, break down** in the middle and make your dress waists hang on the bias. A $3 corset will add more to a stylish make up than an $8 hat; a $6 pair of shoes or a $40 silk dress. Get the form right with a first-class corset and your dresses whether muslin or silk will fit you and look well.

These Are Facts, Ladies . .

Your dress maker will tell you so, your good sense tells you so, and we who sell corsets every day know it to be a fact. Then educate yourself to this point. Don't buy poor shapless things that spoil your form. We have studied this matter and today can offer you some of the most scientifically made corsets to be had in this or any other country.

Her Majesty Corsets rank today the finest. They are sold by the best dry goods houses in all the big cities of this land. Janesville ladies can find them in our store.

The "P. D." is an imported French corset of high merit. We carry them in two styles, the long waist and the medium length.

Dr. Schilling's "Model Form" are correctly named. They are models for a perfect form.

Dr Schilling's "American Lady" is today being sought for from Maine to California, and the factory which employs over 700 people cannot supply the demand for them.

The "G. D. Chicago Waist" is a most perfect soft corset.

The Ferris Good Sense Waist we carry in every style from the child's waist at 25c to the Ladies finest goods.

Dr. Warner's, Dr. Ball's, Thompson's "Glove Fitting," The Jackson Waist, the "Royal Worcester" can be found in our corset department.

We are making a strong effort to please you in Corsets and will guarantee satisfaction on every Corset we sell. See the splendid summer corset we are selling at **38c.** See the great 50c corset that we are selling for **44c.** We will sell you the correct styles. We will fit you perfectly.
